

CCPPP Links

CANADA - FEDERAL

Infrastructure Canada – www.infrastructurecanada.gc.ca

Includes information and criteria on the Canada Strategic Infrastructure Fund and the Infrastructure Canada Program, which offer opportunities for public-private partnerships at the municipal and provincial levels.

Industry Canada - www.strategis.ic.gc.ca/ppp

Developed by the Public-Private Partnership Office of Industry Canada, the comprehensive site includes reference materials, guides, research papers and training information on PPP in Canada.

CANADA - PROVINCIAL

Partnerships British Columbia – www.partnershipsbc.ca

The official website of the Province's agency charged with promoting, supporting and identifying PPP opportunities. The website was developed to assist provincial agencies, project proponents, investors, and the general public by providing information on public private partnerships and the role and activities of Partnerships British Columbia.

Ontario SuperBuild Corporation – www.superbuild.gov.on.ca

This agency is responsible for evaluating provincial businesses and services to determine where partnerships are best implemented and where to invest over \$10 billion in infrastructure funding. The website includes PPP resources, new releases, project summaries, major RFP's and a summary of initiatives by community.

Government of Quebec Partnerships Office - www.tresor.gouv.qc.ca/marche/bureau.htm

Provincial government office dedicated to pursuing partnerships with the private sector.

INTERNATIONAL

National Council for Public-Private Partnerships - www.ncppp.org

As the national organization on PPP in the U.S., the NCPPP website contains up-to-date news, publications, case studies, issue papers and upcoming events south of the border.

Privatization Center - www.privatization.org

Provided through the Reason Public Policy Institute, this is an excellent resource on the issue, including: definitions; statistics and trends; practices and strategies; over 20 specific service areas at three levels of government; details of comprehensive government programs; and the pros and cons of privatisation. Also includes a long list of studies, publications and a directory of private providers in the U.S.

Partnerships UK - www.partnerships.org.uk

Recent information on PPP and PFI in the United Kingdom. Partnerships UK superseded the UK Treasury Taskforce, which pioneered project finance deals in the UK public service. Partnerships UK provides PPP consulting services to the public sector.

Office of Government Commerce - www.ogc.gov.uk/ogc/publications.nsf

As the office responsible for procurement management in the UK government, there are several useful documents related to best practices, guidance and PPP on this site.

Public-Private Partnership Programme - www.4ps.co.uk

The Programme is governed by the local authority associations in the UK, with a mandate to increase investment in local authority services through PFI and other PPP. The website includes an excellent list of guidance, case studies and project lists on local PPP over the past six years in the UK.

Northern Ireland - www.pfi-ni.gov.uk

The PPP Unit in the Department of Finance & Personnel in Northern Ireland has responsibility for implementation of Government policy and co-ordination of PPP within Northern Ireland departments.

Ireland - www.ppp.gov.ie

The Central PPP Unit of the Department of Finance in Ireland has been established to lead, drive and coordinate PPP in Ireland.

Netherlands PPP Knowledge Centre -

http://212.206.208.170/uk/pps/home_frameset.html

The Public Private Partnerships (PPP) Knowledge Centre in the Netherlands is part of the Dutch Ministry of Finance. It initiates and promotes public private partnerships, advises government agencies, and provides general information to the private sector.

Partnerships Victoria - www.partnerships.vic.gov.au

This site, provided by the State of Victoria Government in Australia, includes guidance materials, information on projects and details of contacts in departments.

Republic of South Africa National Treasury – www.treasury.gov.za

Tenders, manuals, reports and project summaries related to PPP in South Africa (Hint: click on “public-private partnerships” from the homepage).

Korea Research Institute for Human Settlements – www.krihs.re.kr

Activities, news and publications from South Korea's main centre of economic promotion and PPP activity (Hint: English version available by clicking link on top navigation bar).
